

Frantl Industries, Inc.

ACOUSTICAL INSULATION

SonaSpray 'fc'

PROJECT

Madison Public
Health Office
210 Martin Luther
King Jr Blvd #507
Madison, WI

DETAILS

$\frac{3}{4}$ " SonaSpray 'fc'
Color: Arctic White

Madison Public Health had an International Cellulose Corp Spray Applied Acoustical System applied to the ceiling of their 5th Level Offices.

The fibers of SonaSpray 'fc' absorb sound energy instead of reflecting it, reducing reverberation time and making speech more intelligible. Excessive noise is eliminated with the application of this Acoustical Insulation, while greatly improving ambient sound quality.

Whether for new construction or renovation, the application of SonaSpray 'fc' provides unequalled performance, economy and versatility that will greatly enhance your project.
